MyJoining Free Trial Terms

1. Orane will make the applicable service(s) available to customer on a trial basis for 60 days free of charge until the earlier of (a) the end of the free trial period for which customer registered to use the applicable service(s), or (b) the start date of any purchased service agreement ordered by customer for such service(s), or (c) termination by Orane in its sole discretion.

2. You can use MyJoining (Service) for all the new hires that you have in the period.

3. The Service would be branded with your logos etc.

4. You will not have any financial obligation for this trial period at all.

5. Any data customer enters into the services, and any customizations made to the services by or for customer, during customer's free trial will be permanently lost unless customer purchases a subscription to the same services as those covered by the trial, or exports such data, before the end of the trial period.

6. During the free trial the services are provided "as-is" without any warranty and Orane shall have no indemnification obligations nor liability of any type with respect to the services for the free trial period.

7. Without limiting the foregoing, Orane does not represent or warrant to customer that: (a) customer's use of the services during the free trial period will meet customer's requirements, (b) customer's use of the services during the free trial period will be uninterrupted, timely, secure or free from error, and (c) usage data provided during the free trial period will be accurate.

8. Customer shall review the applicable service's documentation during the trial period to become familiar with the features and functions of the services before making a purchase as per our proposal.

9. During or after the trial period is over, you can decide to continue with the application and start paying for the subscription as per our proposal. This is also the time for you to tell us if you need any additional customizations to the product, which we can then build for you(at an agreed price)
